

# DID YOU KNOW THAT BOROONDARA COUNCIL IS PLANNING TO SEAL DELTA STREET, SURREY HILLS, YOUR COUNTRY LANE IN THE CITY? PLEASE DON'T LET THEM "PAVE PARADISE"!

## Why?

- To solve drainage issues
- To reduce maintenance
- To keep a small minority of residents happy

## Why not? There are better solutions!

- Delta St is living history- the LAST significant unsealed road in Boroondara
- The overwhelming majority of residents surveyed by the Council do not want this change
- Delta St is a popular pedestrian access to South Surrey Park
- Delta Street currently gives pedestrians priority
- Car speeds will increase on a sealed widened road
- Drainage CAN be addressed whilst maintaining the unique character of this road.
- Engineers have agreed, an alternate plan retaining the country lane surface without widening the street can solve Council and resident concerns.

## You can help SAVE PARADISE!
